## **GENERAL TERMS FOR SERVICE PROVIDING OF THE A-CDM PLATFORM (FAST) ACCESS**

### **AVAILABILITY AND QUALITY OF SERVICE**

Aeroporti di Roma SpA assures the highest possible availability of the systems connected to FAST (Fiumicino Airport Sharing Tool) and to FAST itself. However, no guarantee can be given that the system will be available at a certain time, for a certain period or without restrictions. In particular Aeroporti di Roma SpA does not guarantee any data connections or data content for which it's not responsible

For the basic service level, product support will be provided Monday to Friday during office hours except on public holidays. Specific backup and contingency procedures will be defined and published on the airport procedures (AIP, Airport Rules Manual, etc)

### **LIABILITY/ACCESS AUTHORIZATION/DISSEMINATION OF DATA**

The applicant, the "TOBT updaters" and the "alarm acknowledgers", must not:

- use the FAST system on more than one terminal per each access
- distribute any data or screen views and feed data into other systems (i.e. video or remote desktop sessions).

Should this rules be violated, Aeroporti di Roma SpA has the right to modify the user access roles with immediate effect.

### **USER ROLES**

There are five user roles in FAST system:

- **VIEW ONLY USER:** This user has "read only" permission on FAST flight views
- **ALARM ACKNOWLEDGER USER:** This user has "read only" permission on FAST flight views and has the responsibility to acknowledge A-CDM alarms.

For information related to the A-CDM@FCO project please refer to the web-page <http://www.adr.it/web/aeroporti-di-roma-en-/airport-cdm> or to the italian AIC/AIP publications

I, the undersigned, .....acting as.....of the company .....  
declare to have read and accepted the general terms for service providing of the A-CDM Platform.
