ASSOCLEARANCE is a an association established by the Italian government as a legal entity and as a non-profit organization for the purpose of executing the tasks foreseen by article 4 of European Regulation 95/93 of 18th January 1993 and following, on the subject of airport slot assignments, “Common Rules for the Allocation of Time Slots in Coordinated Airports”.

In its turn, the Ministry of Transport, through its own decree No. 44/T of 4th July 1997 has entrusted Assoclearance with the responsibility of the management of time slots on Italian airports, in application of European Regulation 95/93, “. . . Through the creation of an organizational structure capable of managing capacity in congested European airports, on the basis of allocation criteria inspired by transparency, neutrality and non-discriminating principles.”
