

Privacy Policy FREE WIFI ADR service

The data collected during the use of the Service is never linked with directly identifiable users, but consists of technical information relative to the terminal used. In providing its service, Aeroporti di Roma, identifies the device used to connect via its physical address, or MAC Address, and is aware of the existence of the log registry of the connection. The Mac Address and logs are absolutely confidential, do not allow ADR to identify the user, but may be disclosed exclusively to the competent Authorities upon their formal request.

Personal data of users will not be processed as part of the FREE WI-FI service.

The Data Processor for data is Aeroporti di Roma. The Data Controller is the company, ADR Tel S.p.A.. The list of Data Controllers is available on the privacy page www.adr.it.
